The high regard in which he is held internationally, and his profound influence in the field of prosthodontics, have associated the name of our Discipline, Faculty and University with the highest standards of teaching, research and clinical service around the world.

**The University of Toronto George Zarb Professorship Endowment Fund gives all of us an opportunity to recognize and honour this outstanding individual with a significant contribution, reflecting the equally significant impact he has had on so many.**

*Dr. Lesley David was the first oral and maxillofacial surgery resident to spend time in the implant prosthodontic unit. Since then, she has been privy to the awesome impact George has had on students, clinicians, and patients both nationally and internationally. Her determination to ensure that George is honoured in Canada has resulted in establishing a committee composed of Gerry Baker 6T4, David Psutka 7T9, Lesley David 9T9, Peter Birek and Izchak Barzilay 8T3, who have set a target figure of \$1,000,000 to establish a Professorship at the Faculty in George Zarb’s name.*
